

"Short and Simple" Survey Responses – Sorted by 1) Watershed, 2) 1st Favorite Lane County Park

1 st Favorite Park(s) and Why	2 nd Favorite Park(s) and Why	3 rd Favorite Park(s) and Why	What changes, if any, would you like to see in Lane County's Parks?	What are the highest priority needs for Parks?	Place of Residence
Coast Fork Willamette Watershed County Parks					
Bohemia Saddle – natural beauty, history, hiking, close to home, unique site, alpine setting, view.	Mt. Pisgah – hiking		Bohemia Saddle Park – a toilet	Continued maintenance of what we have now	Cottage Grove
Baker Bay – camping & swimming available, plus a good concession stand	Armitage – close and good for group functions at shelters	Swartz (U.S. Army Corps of Engineers) - Excellent for group camping	Free day use – anyone should be able to use parks as we pay plenty of taxes that the elected officials ought to use to help fund parks. It is one of the main methods for families to have quality time together.	Clean, weed free grassy areas, ball fields, picnic facilities and clean, modern restrooms	Eugene
[Baker Bay] Dorena Lake – fishing	Cottage Grove Lake – fishing		Boat launching rules need to be posted more clearly so people don't block the boat ramp. Rule #1 – have boat ready before launching!		Eugene
Baker Bay – picnic setup, view, water access, large group area			This year there was one person that only handled the gate, one for the campground, and one for the concessions & picnic area. None of them had radio contact with each other – may be very important.	Upkeep, cleanliness, and facilities working	Eugene
Baker Bay/Dorena Lake – mooring docks, good concessions, beautiful setting, good sailing, nice family atmosphere			Dorena: better breakwater system, more stable mooring docks, better enforcement of water craft rules, ensured security, more reasonable camping fees & moorage fees.	Maintenance, site repair, security & patrolling	Cottage Grove
Baker Bay/Dorena Lake – the sheer natural beauty and the prevailing winds over the spillway			Would like to see P.W.C. (jet skis) prohibited from Dorena due to safety reasons & operators not following rules, the wake they cause and damage to moored boats. Also the very bright light at the boat ramp is not only a blinding nuisance, it is actually a danger coming in at night because it literally blinds us! Who thought that light would be useful or even needed? Please, can you remove that unsightly and obnoxious lamp! (also) I feel the plastic log booms are not keeping the wakes away from the lagoon and only allow wakes to roll over them. Please consider installing natural log booms. They really detract from the overall aesthetics of Dorena Lake's natural beauty.		Eugene
Wildwood Falls Wayside (LaSells Stewart Park)– natural beauty, unique environment	Perkins Peninsula – kayaking, natural beauty around the marshes and canals	Oregon coast parks – hiking, swimming, kayaking, camping	Active policies to discourage noise and littering	Purchase open space!	Eugene
Long Tom Watershed County Parks					
Orchard Point – water access, large trees, snack area, swimming area	Mt. Pisgah & Arboretum - great hiking & walking with dog, nature		Maintain open space for all, recreational amenities/infrastructure, like trails, picnic areas, water access		Springfield
Perkins – it's close to home			Green grass to play in, bathrooms with good water, play area for kids	To make them inviting	Veneta
Perkins – it's close to my house			Clean drinking water & toilets	Clean water for drinking, & toilets	Veneta
Perkins – close to home; has lots of pretty flowers and it's clean			They need a better boat dock; mowed regular; good safe docks	Clean bathrooms	Veneta
Perkins – it's clean; & flowers are nice	Richardson – it's close to home, but not very clean		Playground for kids	Garbage cans & well kept grounds	Veneta
Perkins – clean & taken care of; close to home			Nice new boat launch; playground for kids		Veneta
Perkins – close to town and swimming			Less dog poop people do not follow dog rules so we all suffer	Less poop	Eugene
Perkins – close/access			After hour take-out; would like to stay out after dark on the lake		Veneta
Perkins – away from water skis, etc.;			Better dock facilities	Better dock facilities and open earlier	Eugene

"Short and Simple" Survey Responses – Sorted by 1) Watershed, 2) 1st Favorite Lane County Park

1 st Favorite Park(s) and Why	2 nd Favorite Park(s) and Why	3 rd Favorite Park(s) and Why	What changes, if any, would you like to see in Lane County's Parks?	What are the highest priority needs for Parks?	Place of Residence
mainly fish a lot; excellent park hosts					
Perkins – close to Eugene			More care	More funds to maintain	Florence
Perkins – sailing	Richardson – sailing		Keep boat docks in good condition; cut back tree branches hanging over access road to Perkins boat ramp; they conflict with sailboat mast		Eugene
Perkins – it's close to home -3 miles			I would like to see senior discount 50%	I like it the way it is	Veneta
Perkins – shore line, restrooms, boat dock	Zumwalt – beach-sandy & small cliffs to jump from	Oaktree – clean sandy beach/privacy	Perkins – the dock is torn up at beach		Veneta
Perkins – clean and friendly & easy access			More picnic tables and fix docks	Play area for kids	Veneta
Perkins – close & feels safe			Fix docks	More picnic tables & play areas	Veneta
Perkins – nice, wide open, large areas			5-10 play sets at Perkins		Veneta
Perkins – convenience	Dorena (Baker Bay)– not as popular/busy	Fall Creek – Winberry (State) – larger lake	"Multi-jurisdiction" permit (i.e., an annual permit that will work at both Lane & State parks. Overall condition of parks are good given your limited resources. I am comfortable with these conditions and they \$3 day use fee. I would not support a fee increase – current conditions are good enough. Thanks for asking!	Enforcement of underage drinking [laws]	Eugene
Perkins – nice lake front, swimming with showers			Playground for the kids		Veneta
Perkins – nice separation between swimming & boat areas.			More playground type equipment for kids.		Elmira
Perkins – pretty, clean, & my dog loves it too. Close to home in Veneta			New boat ramp, playground for kids	Family friendly	Veneta
Perkins – clean, nice setting, not as many "crazys" around. Don't go to any others			Sometimes it should be mowed, more often	Safe & clean	Veneta
Perkins – it's pretty & clean; dog friendly			Make them cheaper to go to. Our tax money is already at work.	Family friendly	Veneta
Perkins – close in, quiet, nice			No dogs should be allowed. This park would be much nicer if there was not dog poop all over or dogs in the water.	No dogs	Eugene
Perkins – close to home			Playground for kids	Perkins new dock and access	Veneta
Perkins – close	Richardson – beautiful view		More camp sites, especially Perkins	Low cost, cleanliness (dogs)	Eugene
Perkins – always clean, don't have to worry about our vehicles			Playground for the kids, new dock	Clean restrooms, adequate parking	Elmira
Perkins – Fern Ridge – proximity to our home; boat access			We love the park! If we made suggestions I would be to remove debris and tree limbs from the board trail/canal area to improve safe passage. When the water is low the park could consider other uses to increase revenue. Forest Dam (Sweet Home) charges a fee & allows 4-wheeling when the water is gone. My only other suggestion is for safety around the dock launch area – especially with the rentals in place. No swimming & caution notices for children at the dock. Thanks for asking, you do a great job!		Veneta
Perkins – Fern Ridge – fishing and away from water skiing etc., best to take in wind. Very good park host also.			Dock improvements at Perkins. Hard to load (1-man operation) and open one hour earlier.	Dock improvements	Eugene
Perkins – because the people that take care of it do a good job			New dock, playground for the children		Veneta
Richardson – It's close to home & we feel comfortable there.	Detroit Lake – it's so beautiful & peaceful. Also, it has full hook ups	South Beach – it has large campsites and a wonderful beach	To make them available with full hook ups	More camp sites for RV's with full hook-ups	Santa Clara

"Short and Simple" Survey Responses – Sorted by 1) Watershed, 2) 1st Favorite Lane County Park

1 st Favorite Park(s) and Why	2 nd Favorite Park(s) and Why	3 rd Favorite Park(s) and Why	What changes, if any, would you like to see in Lane County's Parks?	What are the highest priority needs for Parks?	Place of Residence
	which we like.				
Richardson – it's a convenient and we always enjoy it.					Santa Clara
Richardson – close to home			At Richardson Campground in particular, check out time should be 2 p.m. (not 12 noon as it is now) at least on Sundays & holidays. Also, open campground by March 1 st .		Eugene
Richardson – best set up/cleaner than all the rest	Orchard Point	Perkins	Cleaner sites/more trees	Keeping it clean	Eugene
Richardson – lots of shade	Orchard Point		Benches near water areas to watch birds & kids	Lots of room	Oregon
Richardson – boat ramp @ access	Orchards Pt. – same as Richardson		Another dock or extend existing dock on east side of Richardson		Corvallis
Richardson – close to home. Person in booth is great.			None – doing great job.		Noti
Richardson – closest, cleaner	Perkins – sandy	Orchard Pt. – problems with dirty diapers	Showers, running water, BBQ pits, cleaner bathrooms	BBQ pits	Junction City
Richardson	Perkins		More wheelchair accessible paths		Yamhill
Richardson – close to home	Harbor Vista – because Richardson closes too early in Fall		Senior discounts; a park up the McKenzie River; Willamette, Fall Creek	More parks	Springfield
Richardson – because Sharon and Gary are there!	Harbor Vista – Lane County Park and view		Cable at all sites, irrigation at Richardson, level all sites, new docks at Richardson, Harbor Vista shuttle to beach.	Parks & facilities maintenance money without higher fees.	Richardson Park (Junction City)
All around the lake [Fern Ridge] – close to home			Foster pass, elderly pass	Hours of operation	Eugene
McKenzie Watershed County Parks					
Armitage – intact maple woodlands, river connection	Paradise campground – forest setting, near old growth forest	Buford/Mt. Pisgah – diverse intact habitats; beautiful spatially	Work towards increasing habitat corridor connectivity, towards a green web or network covering the county.	Open space preservation and restoration	Eugene
Armitage – peaceful on river front, good bicycle access on both sides of park	Ben & Kay Dorris – easy access off McKenzie Hwy, pretty location	Heceta Beach – protected beach, scenic views	Volunteers to enforce "dogs on leash" rules. ALL parks have constant dog control violations. This problem is a huge detriment to those of us (and we are many) who are afraid of dogs. It is scary, frustrating and annoying. Loose out-of-control dogs ruin my time at Lane County Parks on a regular basis	Dog control enforcement	Eugene
Armitage – green grass, space, park feeling	Orchard Point – playground	Perkins – sand beach/toddler area; quite woody feel	Playgrounds, green grass, better maintenance & clean bathrooms, and clean drinking water in all parks	Maintenance equipment, playgrounds, clean drinking water	Eugene
Armitage – picnic facilities, river access	Buford – hiking opportunities		Increased river access on McKenzie River	New, younger vegetation, exotic removal	Eugene
Armitage – river access, picnic facilities	Ben & Kay Dorris – river access protection of riparian areas	Hendricks Bridge – river access, swimming, picnic area	Differentiate between fees for picnicking etc. and boat launch. Boat launching involves less time & use	River access	Eugene
Forest Glen Roadside Rest/Boat landing – it is near home and I use it to launch a raft. It is also very important to the economy of Blue River, a severely depressed area.			This park needs rebuilding; it is way over used now; the rest room needs replacement; parking needs to be moved away from the river bank; the area could be expanded onto other publicly owned land. All of this would greatly aid in the economic development of Blue River. Others that could partner with you or the Blue River CDC, the McKenzie Watershed Council, and the McKenzie River Guides.	Improving and developing the Parks that we have such as the Flores Glen Site and the Eagle rock site that needs development	Finn Rock
Old McKenzie Hatchery	Armitage				Springfield
McKenzie River area boat ramps – variety and access			Provide more boat ramps on the Siuslaw River		Eugene
Middle Fork Willamette Watershed County Parks (Buford/Mt. Pisgah also in Coast Fork Willamette Watershed)					
Buford Park – Intact habitats, great hiking			More funding for parks, acquisition of valuable ecological land,	More funding	Eugene

"Short and Simple" Survey Responses – Sorted by 1) Watershed, 2) 1st Favorite Lane County Park

1 st Favorite Park(s) and Why	2 nd Favorite Park(s) and Why	3 rd Favorite Park(s) and Why	What changes, if any, would you like to see in Lane County's Parks?	What are the highest priority needs for Parks?	Place of Residence
			habitat restoration		
Buford – long and many trails, safe, view, varied habitats, birds, wildlife, water, location	Armitage Park – river, location	Fern Ridge Parks – water, birds, location, trails	Less development as possible. Connect Armitage Park to confluence of McKenzie R. to Willamette R. (widening the bridge at Buford Park was a BAD decision: a waste of money!)	Increase trails to disperse people more	Eugene
Buford – closest to where I live			Nothing comes to mind	Maintenance	Eugene
Howard Buford – Not much development, many trails, a chance for solitude. Mixed forest & meadow. Wildlife.	Washburn Memorial State Park – Trails, campground, beach	Spencer Butte/Ridgeline Trail (City of Eugene) – Trails, forest, some meadow. I like getting off the trail a short distance to obtain solitude.	Need funds to allow upkeep. Need adequate personnel. At Pisgah could use knowledgeable presence on trails.	Continue to maintain clean public restrooms; purchase more land even if it can't now be developed.	Eugene
Buford Park & Mt. Pisgah & Arboretum (HBRA) – offers many choices of trails in a beautiful setting for various levels of ability. It is close by Eugene			Eliminate the usage fee so people of all means can use it. Charge a bit more at parks farther away since those folks can more afford it in order to get there. Much work is done by volunteers at Pisgah on a regular basis of which I am one.		Cottage Grove
Buford – very large very natural			We need park land in Coburg Hills	Land acquisition before it's all developed	Eugene
Buford-Mt. Pisgah – great hiking, flowers, pine and oak groves	Armitage – beautiful stretch of river, fly fishing opportunities	Spencers Butte (City of Eugene) – hiking, views	More focus on park maintenance, removal of noxious weeds	Maintenance of trails – Mt. Pisgah, blackberry eradication at Armitage	Eugene
Mt. Pisgah – good trails for walking/jogging & a swimming hole	Richardson – waters ports access	Zumwalt – swimming/nice natural picnic area/kayaking	Eliminate fees on admission	Regular trash pickup	Eugene
Pisgah! – because it's so close to town, it's so beautiful, gives me a great workout – it has good energy					Junction City
Pisgah – quiet and natural			More preserved habitat/unobstructed bike trails into habitat	Preservation	Eugene
Mt. Pisgah – we've grown up together	Spencer's Butte – natural walk and final ascent on rock face	Hendricks Park – it's close; old times		Free entry for native Lane County people	Springfield
Pisgah – trails			Open the path along the river at Pisgah – was first closed until Oct. 2, 2003 – still closed. Stop charging entry fees.	More open space	Eugene
Pisgah – gets the most use. It is close to us and gives us a great opportunity to get exercise. We use BOTH east and west areas. Shotgun (Bureau of Land Management) is nice also.	Cascadia – we have a family picnic (and camp out) yearly. They know us & do everything to accommodate. Great for groups.	Cottage Grove – it is a place to camp and has shade & grass.	More and better bathrooms – solar showers – more areas for groups. I'd like to think that the land at Mt. Pisgah could be put to greater use. Better river access would be nice. The road (trails) are being badly chewed by the horses hoofs, especially in some areas from the east access. We don't wish to see horses excluded but some place are a mire & need to be graveled with finely crushed material. There are 2 areas at least that the horses should be rerouted. My husband and I are asking about a donor plan – what is the cost of a bench on the lower ridge on the west side? This park is a real blessing & we hope it can be cared for and have limited development.	Safety (use of park hosts). If a park isn't safe it is of NO VALUE.	Eugene
Mt. Pisgah – great hikes	Ben & Kay Dorris Wayside – River access, good facilities		Remove parking fee at Pisgah or show improvements directly resulting from the money	More collaboration with parks within urban growth boundaries	Eugene
Mt. Pisgah – Great for hiking, wildflowers, views; Hendricks (City of Eugene) – for the wonderful rhododendrons	Honeyman (State) – great for camping, close to ocean & dunes	Washington (City of Eugene) – close to town, great for concerts.	No fee for undeveloped Mt. Pisgah.	No fees. Maintenance at Hendricks Parks	Eugene
Mt. Pisgah, Spencer Butte, West Eugene Wetlands – These are my favorite parks for the same reasons. I enjoy the ability to get away from the hustle/bustle of City life and hike in a natural setting. I also			I would like more funding to go toward invasive species management and habitat protection and enhancement. Natural areas require management and Mt. Pisgah is no exception. I have watched the integrity of the ecosystem decline in the short time I've lived in this area as new invasive species move in and	Improved funding for both projects and staff dedicated to stewardship of natural resource areas such as Mt. Pisgah.	Eugene

"Short and Simple" Survey Responses – Sorted by 1) Watershed, 2) 1st Favorite Lane County Park

1 st Favorite Park(s) and Why	2 nd Favorite Park(s) and Why	3 rd Favorite Park(s) and Why	What changes, if any, would you like to see in Lane County's Parks?	What are the highest priority needs for Parks?	Place of Residence
enjoy "nature viewing" especially identifying plants, birds and butterflies and the occasional unusual wildlife (snakes, turtles, etc.) I enjoy the opportunity to get physical exercise while hiking, biking, or swimming (in the Coast Fork of the Willamette at Mt. Pisgah).			few Lane County funded projects geared toward enhancement have been undertaken. This will require both additional funding and addition of staff who are more knowledgeable about natural resource management. Caring for the natural resources at Mt. Pisgah has not been a priority of Lane County Parks in part due to funding but also in part due to the lack of natural resource trained staff. To date the enhancements that have occurred there have been provided by nonprofit organizations such as the University of Oregon and the Friends of Mt. Pisgah and Buford Park. Lane County Parks should be taking the lead in natural resource stewardship.		
Mt. Pisgah	Skinner's Butte (City of Eugene) – free!	Spencer's Butte (City of Eugene) – free	Do not charge a daily or season fee for Pisgah		Eugene
Pisgah – the river					Eugene
Mt. Pisgah – memories, oak trees, hikes, river	Hendricks Park (City of Eugene) – rhodies, other plants – pretty!	Amazon (City of Eugene) – pool, playground, paths	Fewer formal playing fields, more trees, more diverse playground equipment	Child-centered activities, family space	Eugene
Mt. Pisgah			No fee, please raise my taxes so all can enjoy this place regardless of income.	I do not need "improvements". Just access.	River Rd. area
Mt. Pisgah – off leash dog area – north side loop trail #7 & 1? 3?			Someplace w/off leash dog walking in Veneta/Elmira		Elmira
Fall Creek – located close to my home			Keep parks clean and add walking paths and year round toilet facilities.	Removal of invasive non-native plants. Toilets.	Fall Creek
Fall Creek area (used to be) – now my campsite is burnt.	Fall Creek Reservoir – Don't let water level drop so early	Day Island – They need bike path all the way to Thurston	No permits for hiking. I don't think it's right if we just want to hike	Camping facilities	Springfield
Siuslaw Watershed County Parks					
Harbor Vista – keep up the good work; we enjoy this park every chance we get			You do a good job		
Harbor Vista – close to the ocean			Better info on park permits	Relaxation on park permits	Eugene
Harbor Vista – good view nice park.				They are nice	Vancouver, WA
Harbor Vista – quiet, secluded, well maintained			Can't think of any right now, except possible sewer hook-ups some day	Maintenance	Springfield
Harbor Vista – close to Eugene			Remove poison oak from Richardson. Would like to see more view spaces at Harbor Vista	Access for Oregonians, cleanliness	Eugene
Non-County Parks – All Watersheds					
Alton Baker Whilamut Nature Area (City of Eugene) - Armitage, Archie Knowles, HBRA – access to river, wildflowers, animals, trees			I would like to see an increase in natural area parks that provide habitat for wildlife and native plants (i.e., no lights, no motorized vehicles, etc.)	Maintain what we have and add new land to inventory	Outside city limits of Springfield
Alton Baker (City of Eugene) – bikers, walkers, hiker, joggers welcome, wildlife friendly, a peaceful place			No changes! Keep parks close to nature – pristine – preservation, no commercial or residential encroachment, Please!	More toilets – port-o-pots	Springfield
Alton Baker (City of Eugene) – natural area by the river	Hendricks Park – native plants, natural areas		More native plants		Eugene
Alton Baker (City of Eugene) – rock garden and walking trails	Buford Park & Mt. Pisgah – enjoy birding & walking trails	Skinner Butte (City of Eugene) – good for birding	A new park in the Coburg Hills would allow access to this beautiful area		Eugene
Amazon (City of Eugene) – I live near there, I ride bike, take my dog there, swim, I enjoy watching all the activities	Morse Ranch Dog Park – thank you for all the dog parks!	Mt. Pisgah – so close, yet you can feel free on Pisgah	More Mt. Pisgahs for variety and space	Maintain open space surrounding and in our towns	Eugene

"Short and Simple" Survey Responses – Sorted by 1) Watershed, 2) 1st Favorite Lane County Park

1 st Favorite Park(s) and Why	2 nd Favorite Park(s) and Why	3 rd Favorite Park(s) and Why	What changes, if any, would you like to see in Lane County's Parks?	What are the highest priority needs for Parks?	Place of Residence
Hendricks (City of Eugene) – lots of shade and beauty	Mt. Pisgah – room to hike	Alton Baker (City of Eugene) – The River		Ferry Street Bridge area	Eugene
Hendricks – both gardens & woods for hiking	Mt. Pisgah – so many different natural areas	Parks along river – love to see all ages enjoying, walking, picnic, biking, etc.	More natural places – fewer mowed ball parks	Natural open spaces	Eugene
Emerald (River Road Parks District) – Close to home. Nice play structure/skate park	Skinner's Butte (City of Eugene) – can walk along the Willamette and feed the ducks		Facilities for organized sports, i.e. baseball fields, soccer fields	Clean, safe environment, restrooms!	Eugene
Cottage Grove Reservoir – no charge, clean, warm water					Eugene
Cottage Grove Reservoir – no cost, clean beautiful			No charge, taxes should pay for parks for everyone		Eugene
Cottage Grove Reservoir – clean, warm water				Safety	Eugene
Diamond Lake Recreation Area – great combination of recreation activities with beauty and quiet relaxation	Harbor Vista – very well designed and well maintained and close to river and beach		Leave wild areas wild – limit development to walking, biking trails	Funding for maintenance and development. But don't sell off park lands here to fund parks someplace else. One the land is gone you will not be able to replace it. Leave Florence alone!	Florence
Honeyman (State)			More trash space	Safety & cleanliness	Eugene
Milo Melver (State) – it is a beautiful setting with camping and a world class disc golf course.			I would love to see Lane County add a disc golf course to one or more of their parks. Disc golf courses are relatively inexpensive to build and maintain. Disc golfers are famous for volunteering time in parks to facilitate course development. In many cases disc golf clubs become established around a park course and assume a part of the cost of maintaining the course. Disc golf courses increase usage at under utilized parks land and have minimal environmental impacts. Disc golf as a sport is growing by 20% per year. Lane County only has two courses while in the Portland Metro area there are over six and a couple more in the works.	Increase usage without increasing expenses	Eugene
Pier Park (Portland) – disc golf			More disc golf courses	Low environmental impact creation that is affordable and easy to maintain for the parks system. Recreation that people of all ages, genders, athletic abilities and incomes can enjoy.	Portland
Resthaven (cemetery) – where I will spend eternity without further costs. And, only God can remove me.	Armitage Park – cost on per use basis and serves "family togetherness" perfectly		Signs banning "vagrancy" and/or other "illegal activities"	Proper maintenance	Santa Clara
Sutton	Honeyman (State) – (Needs more in season camp sites); recognize gold access cards	Schwarz (U.S. Army Corps of Engineers) – (needs to be open year round). Like location – needs amenities (Water, electric, sewers)	Sutton needs more open camp sites with water, electric, and sewers/dump stations. Add showers, water, electric and sewers. Allow usage of Golden Access Cards or disabled American veterans.	Water, electric, and sewer/dump stations	Springfield
All of them – Oregon has the best parks! All are open areas with trees, clean rivers & lakes, vistas, good hiking	Sutton Creek – Carter (?) Lake Dunes – Walking areas, good hikes, rhody-filled forests, bird watching, vistas	Baker Beach & Kentucky Falls – Open and wild as it has been forever!	No changes. Leave wild with little maintenance	Walking safe areas, vista platforms, leave wild. No commercial stuff	Florence
			No fees for use	Clean and safe	Springfield
				Free Use for All!	
			More single track trail i.e. Ridgeline – needs to have equal access for bicycles!!	Open trails to bikes	Eugene

"Short and Simple" Survey Responses – Sorted by 1) Watershed, 2) 1st Favorite Lane County Park

1 st Favorite Park(s) and Why	2 nd Favorite Park(s) and Why	3 rd Favorite Park(s) and Why	What changes, if any, would you like to see in Lane County's Parks?	What are the highest priority needs for Parks?	Place of Residence
			Flatten the hills and shorten the trails	More of them	Junction City
